

Canning Fish in Quart Jars

HANDLING THE CATCH

In the field

When you catch fish, handle the fish with care to avoid bruising and exposure to sun or heat. Bleed the fish immediately after catching to help increase storage life. Remove viscera (internal organs). Rinse fish and keep iced, refrigerated or frozen.

GETTING STARTED

More information can be found in videos *Canning Basics* (FNH-01280) and *Canning Meat and Fish* (FNH-01281) on our YouTube site, www.youtube.com/uafextension.

Preparing the fish

If the fish is frozen, thaw it in the refrigerator before canning. Rinse the fish in cold water. You can add vinegar to the water (2 tablespoons per quart) to help remove slime.

For most fish, remove the head, tail, fins and scales. It is not necessary to remove the skin. You can leave bones in most fish because the bones become very soft and are a good source of calcium. For halibut, remove the head, tail, fins, skin and the bones. Refrigerate all fish until you are ready to pack in jars.

Equipment

FRESH AFRIKES TAKE HEALTH HOME CANNED FISH BEFORE EATING!

- Do you know if the dial gauge on your canner is reading accurately?
- Do you know when the rocking or jiggling weight is signaling properly?
- Did you follow the USDA Cooperative Extension recommendations for pressure processing this food?
- Was this preserved food a gift? If it was, do you know if the USDA Cooperative Extension Service recommendations for pressure processing this food were followed?

Directions: To ensure safe pressure processing, use the following instructions. A pressure canner is required for this recipe. A pressure canner is a kitchen appliance that cooks or processes food at a higher temperature than a regular kitchen pot. A pressure canner is used to cook or process food at a higher temperature than a regular kitchen pot. A pressure canner is used to cook or process food at a higher temperature than a regular kitchen pot.

1. Open the jar of fish. Check the contents. If fish smells bad or if you see gas bubbles, THROW CONTENTS AWAY! Do not taste!*
2. If fish smells and looks good, insert a meat thermometer into the center of the fish. Cover the jar loosely with foil.
3. Preheat oven to 350°F. Place jar in a glass baking dish to catch any spills and to keep the jar even on the rack.
4. Remove jar from the oven when the meat thermometer registers 185°F. Fish heating takes about 30 minutes.
5. Allow the jar to stand at room temperature for about 30 minutes to let the heat distribute evenly.
6. Serve the fish hot or chill for later use.

In accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.) Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, and American Sign Language) should contact the responsible State or local Agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. To file a program discrimination complaint, a complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online at <https://www.ocio.usda.gov/document/ad-3027>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by: (1) Mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; or (2) Fax: (833) 256-1665 or (202) 690-7442; or (3) Email: program.intake@usda.gov. This institution is an equal opportunity provider.
