

S

the 1990s, the number of people in the UK who are employed in the public sector has increased from 10.5 million to 12.5 million (12% of the population). The public sector has also become a major employer of young people, with 1.5 million young people employed in the public sector in 2000, compared with 1.1 million in 1990 (10% of the young population).

There are a number of reasons why the public sector has become a major employer of young people. One reason is that the public sector has become a major employer of young people because it is a major employer of young people. Another reason is that the public sector has become a major employer of young people because it is a major employer of young people.

There are a number of reasons why the public sector has become a major employer of young people.
