RESOLUTION

REAFFIRMATION OF COMMITMENT TO SHARED GOVERNANCE

WHEREAS, the University administration has recently demonstrated a lack of commitment to the principle of shared governance through its decisions to close the Office of Multicultural Affairs and Diversity (OMAD) and the UAF Women's Center without including governance organizations in the decision-making process; and

WHEREAS, Regents Policy requires the University to "provide an effective opportunity for university faculty, staff and students to play a meaningful role in matters affecting their welfare"¹ through participation in shared governance; and

WHEREAS, the closing of the UAF Women's Center and OMAD has the potential to not only negatively affect the welfare of women, people of color, and their allies, but will have far-reaching adverse effects on the entire UAF community who have come to rely on these centers for educational outreach, advocacy, nurturing student academic success, cultural programming, support, bridge-building, informational networking, collaborative partnerships with the community and academic departments, student engagement, volunteer opportunities including student internships, referrals, rape awareness, proactive student retention activities, community connections, gathering space, library and other resources, professional development activities, activism against multiple forms of discrimination and prejudice

MOTION:

The UAF Faculty Senate moves to endorse the 2012-2013 committee membership as attached.

EFFECTIVE: Immediately

RATIONALE: New Senate members' preference for committee selection were reviewed and weighed against membership distribution from schools and colleges. Now that questions of representation and availability have been resolved, the committee membership may be formally endorsed.

MOTION:

The UAF Faculty Senate moves to approve the elimination of the M.A.T. degree in Biology.

EFFECTIVE: Fall 2013

RATIONALE: As a result of the program review process, the Chancellor's Cabinet, the College of Natural Sciences and Mathematics, and the Department of Biology and Wildlife have recommended the program be discontinued. The proposal to discontinue the program is on file in the Governance Office, 312B Signers' Hall.

Background and Information:

The deletion of this program will have virtually no effect on other programs, personnel, students, or budget. There are currently no students enrolled in this program and therefore can be discontinued immediately and will not require a phase out period.

While a copy of the original program approval is not available, the following is an extract from the July 23, 2009 UAF Academic Program Review Committee (a committee formed within CNSM at that time).

"The M.A.T. in Biology program is designed to offer a graduate degree to students who have a B.A. or B.S. in Biology and are interested in teaching biology in K-12 schools."

The Honorable Sean Parnell
Governor of Alaska
P.O. Box 110001
Juneau, AK 99811-0001

Re: Complete College America (CCA)

Dear Governor Parnell:

On January 20, 2011, you received an invitation to have Alaska join the Complete College America Alliance of States. Supported by national foundations including Gates, Carnegie, Ford, and Kellogg, CCA has enlisted over 30 states in their non-partisan, nonprofit effort to select "best of breed" strategies that "... will bring needed changes in the culture and practices of public postsecondary institutions." Subsequent to the invitation letter, your office solicited a recommendation from UA regarding CCA membership for Alaska.

For Discussion:

Bylaws: Calculation is done to apportion 35 elected seats. However, any unit that qualifies for separate representation gets a minimum of 2 senators (and 1 alternate). Currently this applies to the 4 units with < 27 faculty: IARC (10), GI (17), SoED (23) and SOM (24).
 Units with 9 - 44 faculty all have 2 senators. (See table below, left.)

Note that in 2010 a unit with 9 faculty could qualify for separate representation. This unit would be expected to send 2 senators and 1 alternate to the Faculty Senate, 1/3 of its total faculty.

- Options: (1) Current system. (2) Remove "minimum 2 senators" rule and allocate seats strictly by # faculty. (3) Change the target # senators (increase to 39 or 40?). (4) Change rules for units to qualify for representation (minimum # faculty).

Note that the "minimum 2 senators" rule results in an increase in total number of senate seats over the target of 35. Faculty Senate now has 39 elected senators.

"minimum 2 senators" rule and what part depends on the total number of senate seats.

Libraries would have had 2 senators, and the total # senators would have been 40 (instead of 39).

*Faculty counts show primary appointments of tenure-track, research and term faculty.

Highlighted cells = result is different from current system.

Target 35 senators, minimum 2 per unit (result = 39 senators)

DRAFT MOTION:

The UAF Faculty Senate moves to amend the Bylaws of the University of Alaska Fairbanks Faculty Senate, Section 1, Article III: Membership, subsection B (page 14). This amendment removes a requirement that all represented units have at least 2 Senators.

EFFECTIVE: November 2012

RATIONALE: Apportionment of representatives on the Faculty Senate is calculated based on the number of qualifying faculty in the unit. Units with as few as 9 faculty now qualify for representation, and for th
