RE: Summer & August Report of Activities

The [Faculty Alliance](#) consists of the president-elect (First Vice President at UAA), president, and past president of each Faculty Senate in the University of Alaska System. The chair of this board

We have begun discussions of a request for comparable budget information for FY16/17 from all three universities and Statewide in order to help all of us better understand how cuts and allocations have been distributed across our system. Please ~~feed back~~ ^{share} your ideas to any faculty alliance member. We also received a report from a UAF faculty member last May that faculty benefit rates were ~~not~~ ^{relatively} costly to departments. This was causing them to choose adjunct faculty over fulltime faculty for overload or summer assignments. We are looking into this, as well.

MEMORANDUM

Date: August 30, 2016

To: Tara Smith, Chair of the Faculty Alliance

From: James Johnsen, UA President

Re: Response to memo dated August 23, 2016 regarding re-

*Tara,
I hope to see you at the
Faculty Alliance retreat
next week.*

Thank you for your advice to UA governance and commitment to the shared vision of the University. The Summit Team is composed of university-wide employees (Chancellors, Vice Presidents) and a small group of faculty (ProVosts, VCAS). This group serves as an advisory group to me on issues that affect them and the University.

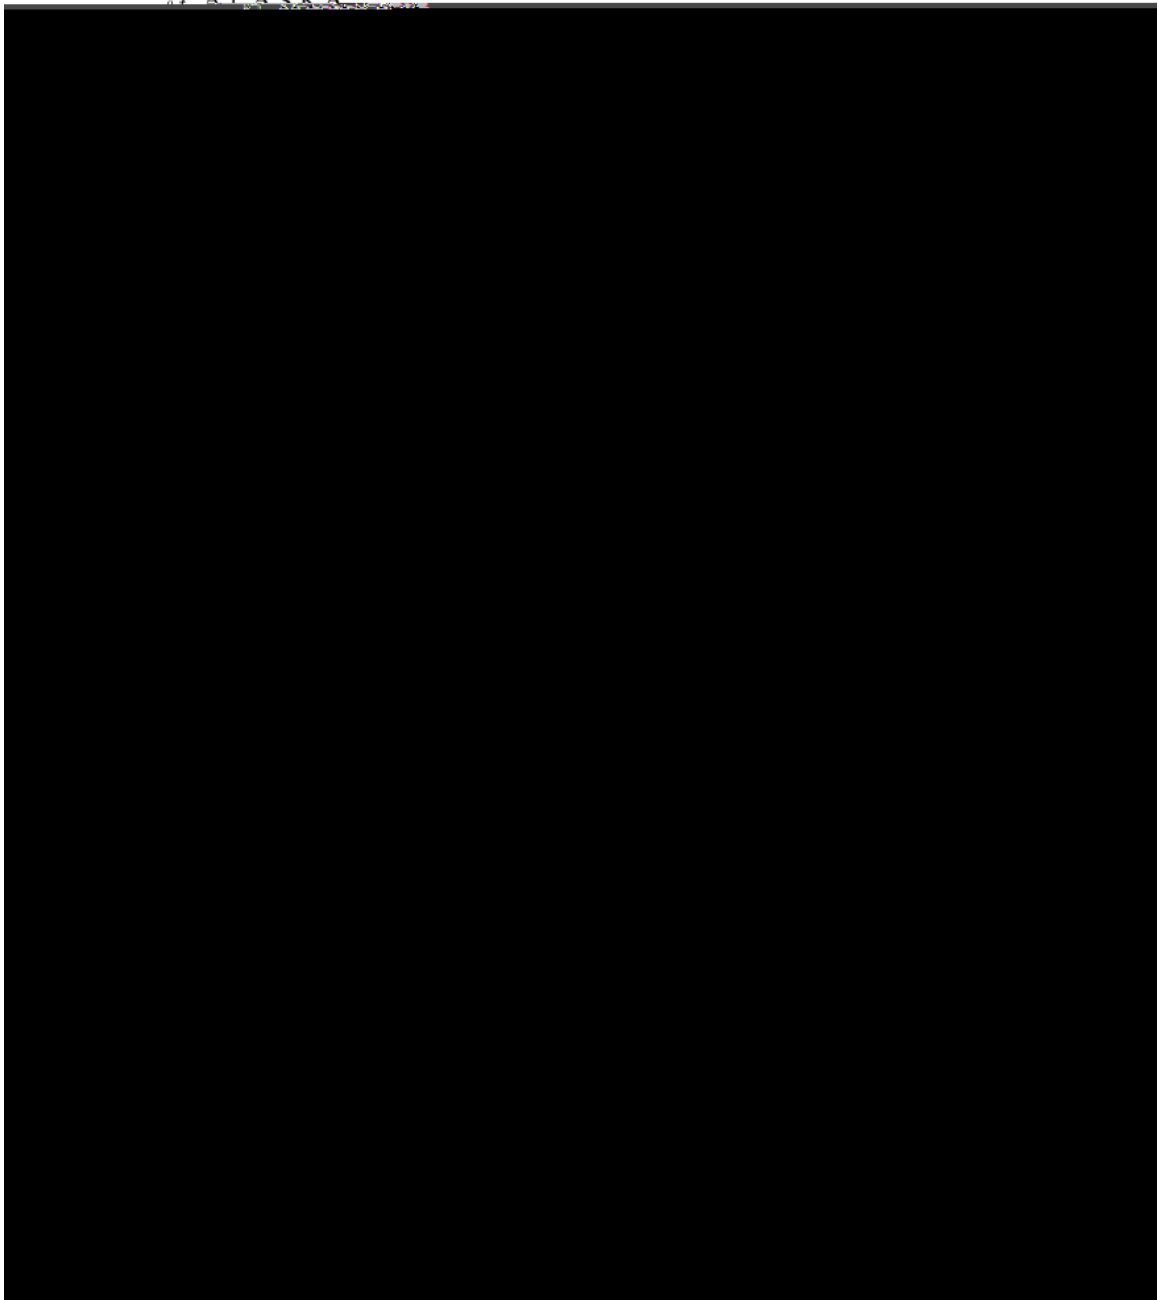

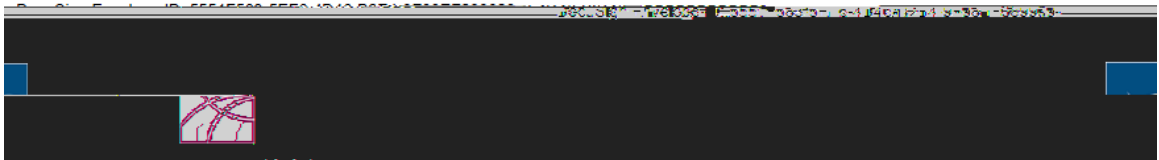

I value governance a great deal and have enlisted faculty governance in a variety of advisory capacities. For example, faculty, staff, and student governance are all represented on the Summit Team. No other internal group received de facto membership on every team; not provosts, not VCAS. I also meet personally with you on a monthly basis and participate in Faculty Alliance retreats, regular meetings, and events. The Faculty Alliance is represented by the Statewide Academic Council (SAC). At the same time that I think it is important for me to seek and receive Faculty Alliance input separately from the Provosts or Chancellors, I believe I need the same from the Faculty Alliance.

It is very important in my mind that the Faculty Alliance be kept informed and distribute information to faculty about decisions being made by me and the University. I believe that it is important that University decision making is informed by both of these groups. I will continue to keep you and the Faculty Alliance informed on issues important to the University.

Thank you,

JRJ
